WHY SUPPORT PACKER?

WOMEN GIVE SEVEN REASONS FOR VOTING FOR GLENDALE MAN

We, together with all other women do not believe in a campaign of personalities, but we do believe that each candidate should be able to stand squarely on his own record of efficiency; therefore, we are supporting Stephen C. Packer for supervisor of the Fifth district for the following reasons:

First. Because he is honest, efficient and capable; has always been successful in his own business and will conduct the business of the county in the same conscientious manner.

Second. Because he is conducting a fair and honest campaign.

Third. Because he stands now just where he always has stood; for the just and equal enforcement of ALL laws.

Fourth. Because he stands for the proper protection and environment of our future citizens.

Fifth. Because of his unwavering attitude in support of all moral legislation and his avowed intention to use his best efforts to promote all such laws in Los Angeles county.

Sixth. Because he stands for the most constructive legislation, administered with economy, in county affairs.

Seven. Because, previous to the primary election, the opponents of Mr. Packer apparently united in an endeavor to designate Mr. Packer as the so-called wet candidate. The official returns of the primary election show beyond a doubt who received the support of the saloon element. Precinct 54, where the Maier Brewing plant is located, the most notorious wet district in the county gave Mr. Packer's opponent twelve times as many votes as Mr. Packer and the section containing every saloon and brewery in the district gave Mr. Packer 167 votes and his opponent 2994 votes. This clearly demonstrates where Mr. Packer had his strongest opposition.

VOTE AGAINST SINGLE TAX

Editor Evening News—Many of my friends have asked me to give my opinion on the single tax amendment which appears on the ballot on next Tuesday. Briefly I will say the measure is an unjust one and the adoption of such an amendment would be a great calamity to this state.

CELESTIAL VISITOR

SEES GREAT UNREST AS HE PASSES OVER THE CITY

"You see," remarked The Celestial Visitor as he neatly folded his wings by his side, "that history does sometimes repeat itself, spite of the proverb, for I am back once more to see with what your good people are now busying themselves. I well remember that upon my former visit I found the citizens of this beautiful little city much wrought up for fear that the rascals who were out would get in and that the rascals who were in would not get out. But my friend, the little bird, has told me that none of the terrible things so much dreaded have happened, and that you are now laying by a goodly store of gold wherewith to improve your beautiful little city, and yet the rate for tax money is less by a goodly sum. And yet, methinks, I perceive a yet greater unrest than was apparent when last I passed this way, and my little bird tells me that this is caused on the one side by those who desire to keep the grog shop open, and on the other by those who believe this fair land of ours would be still fairer and more wholesome should strong drink be banished from it. Upon my way hither I passed above a town beside the sea, called Venice, and over the busy streets of the Angel City so near your own, and so great a stench of liquor assailed my nostrils and such scenes of debauchery greeted my eyes that I hastened my flight that I might be quickly away from such wicked places. Now pray tell me, good citizen, why it is that some good (and many bad people) proclaim aloud in virtuous indignation that should the sale of liquors be forbid their personal liberty would be trampled under foot? For, methinks, these same people (both the good and the bad) would strenuously deny this same personal liberty to those who smoke the seed of the poppy, make use of those drugs which destroy both the mind and the body, and practice or promote other forms of corruption of the body politic."

"Ah," sighed the Celestial Visitor as he preened his wing feathers preparatory to flight, "a hair is a very small thing to split and it seemeth to me that it is but a thin hair-line which separates the personal liberty of those who defend the grog shops from the personal liberty of those who indulge in such other evil practices as your laws forbid." There was a note of sadness in the voice of the Celestial Visitor as he bade us farewell. "At least I have the courage of my convictions and practice what I preach," he said as he turned to depart, "for upon each of my wings I carry a banner 'make the highway safe—Vote California dry.'"

THURSDAY AFTERNOON CLUB

Tropico Thursday Afternoon club met Thursday afternoon in the club room in the city hall. The room was beautifully decorated with chrysanthemums and ferns. Mrs. Charles Wallace Kimberley, president of the club, opened the meeting. The combined assembly stood and sang "America." The day was "Reciprocity Day," and many members of the clubs of the San Fernando valley were present. Mrs. Frey presided at the piano, while Mrs. Bullis sang, to the tune of "I Love You, California," a song of welcome composed by Mr. and Mrs. Frey. Mrs. Kimberley, president, then made a brief address of welcome to the clubs of the valley.

Mayor Peters of Tropico gave an address of welcome to the visiting clubs. Miss Lanterman of La Canada, accompanied by her sister, Miss Lulu Lanterman, sang a group of songs with much taste and delicacy. The speakers of the afternoon were introduced by Mrs. Emma L. Reed, vice-president of Los Angeles district. Mrs. Harmon, president of the Los Angeles district, spoke on "Harmony in Clubs;" Mrs. R. Hogue, state president-at-large, spoke on "Federation of Clubs in the Valley;" Mrs. E. B. Knight, state president of California Federation of Women's clubs, spoke on "Reciprocity" in an admirable speech in which she detailed her experiences in visiting the various clubs of the state.

The meeting then sang "The Star Spangled Banner" and the proceedings came to an end. The program was under the direction of Mrs. Edwin Virden, chairman of program. Mrs. H. E. Bowman, chairman of the day, and her efficient committee carried out all the arrangements without a hitch. About 200 members and visitors were present.

ROUMANIANS REPULSE GERMANS

TEUTONS MAKE FIERCE ATTACK ON THE WHOLE FRONT BUT ARE THROWN BACK WITH LOSS

(Special Service to Glendale Evening News)

BUCHAREST, Nov. 4.—Following up their recent successes the Roumanian troops have attacked the Teuton army in the Buzeu valley and have taken possession of Mt. Siriuland and other points. On the northwest frontier, the Germans have been repulsed with heavy losses. The Germans under Von Mackensen have made a general attack along the whole front in the Dobrudja and have everywhere been thrown back with sericus losses.

ITALIANS ACCOUNT FOR 25,000 AUSTRIANS

FIGHTING OF LAST FOUR DAYS RESULTS IN SERIOUS DEFEAT FOR FRANZ-JOSEF'S MEN

(Special Service to Glendale Evening News)

ROME, Nov. 4.—During the past four days' fighting the Italian troops have accounted for 25,000 Austrians killed, wounded and taken prisoner on the front between Gorizia and Trieste. About 4000 prisoners, guns, munitions and other war material were taken today. The advance is being pressed and Trieste will soon be under gun fire. Gen. Cadorna is now consolidating the positions won and preparing for a strong and vigorous attack.

CARRANZISTAS SHOOT REBEL GENERAL

DE FACTOS SEIZE AND EXECUTE COL. GARCIA, PROMINENT AGENT FOR PANCHO VILLA

(Special Service to Glendale Evening News)

EL PASO, Nov. 4.—The Carranzistas, who hold Juarez, captured today a prominent Villista officer, Col. Garcia. They gave short shrift. A semblance of court martial condemned him in three minutes and he was immediately stood against an adobe wall and shot. It is believed that Villa will retaliate on the Americans and Carranzistas who may fall into his hands.

TROUBLE AHEAD FOR THE UNITED STATES

DECLARE THAT IF GERMAN WAR SUBMARINE CONVOYS DEUTSCHLAND, SERIOUS QUESTION WILL ARISE

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Nov. 4.—It was officially stated here today that if a war submarine, as has been hinted, attempts to convoy the Deutschland on her return trip to Germany an issue will arise with Britain and France if the U-boat should sink any British or French ships while enroute to the other side. It is held that whatever claims the Deutschland may have to be a merchantman, would be lost were she accompanied by a militant U-boat.

FRENCH PAY TRIBUTE TO AMERICAN AIRMEN

WHOLE CORPS OF UNITED STATES FLIERS TRANSFERRED FROM VERDUN FRONT TO THE SOMME

(Special Service to Glendale Evening News)

PARIS, Nov. 4.—The American aviation corps, formed as will be remembered from the foreign legion, has been transferred in a body to the Somme front. Hitherto they have been scouting at Verdun where they have done invaluable service. Their daring and quickness in picking up enemy positions and in directing the fire of the French have been so marked that many of them have received decorations for valor and almost all have the "Croix de Guerre," the war medal. Their transfer to the Somme is taken as a high tribute to their efficiency.

CANDIDATES CLOSE UP THEIR CAMPAIGN

PRESIDENTIAL ASPIRANTS ABOUT TO REST FROM THEIR LABORS—ORATORS ARE QUIESCENT

(Special Service to Glendale Evening News)

NEW YORK, Nov. 4.—Hughes is stil speaking in this city. He thought to finish his extremely strenuous campaign but was called on for further effort. This will be his last, however. President Wilson has gone to Shadow Lawn and will not do any further speaking. All the big orators have ceased their activities, while everywhere the flood of oratory is rapidly subsiding. It is all over but the voting.

SAYS WAR WILL LAST TWO YEARS, PERHAPS FIVE

(Special Service to Glendale Evening News)

NEW YORK, Nov. 4.—Roy Howard, president of the United Press, who has just returned from visiting all the fronts in Europe, where he has had special opportunities to observe conditions, says the war will last certainly two years and possibly five years more. The vast preparations that had been made by the Teutons for this war are by no means exhausted and they are still full of fight.

GENIUS OF INVENTION

W. C. CUTLER, N. LOUISE AVENUE, HOLDS CUP FOR NUMBER OF PATENTS

Glendale is the richer by the acquisition of a resident who is known internationally by reason of the number and availability of his patented devices, W. C. Cutler, an inventor of international fame, who recently purchased a residence at 1327 N. Louise street. Not long ago at the annual meeting of the International Inventors' association Mr. Cutler was awarded the silver cup for the inventor who could show the greatest number of patented inventions in actual use. Mr. Cutler after having listened to the claims of a great many inventors set forward his own work which showed that he had invented 108 devices of various kinds, many of them like the flanged fish-plate for railways in constant use and others of international use, and that no fewer than sixty-four of his devices are in actual use at the present time. He was awarded the fine silver cup which is the great honor of the world of inventors.

Mr. Cutler is a practical genius. He sees to it that he makes money out of his inventions and in that respect most of them have been entirely successful. In a new combined garage and workshop which he has built on his grounds Mr. Cutler has most of his inventions around him. In the lower story of this workshop he has an iceless refrigerator. This ingenious ice chest has a small electric motor which works a kind of condenser, the liquid which is used for freezing purposes is poured into the engine and comes out a gas being conveyed round the interior of the refrigerator by a number of pipes, back to the condenser as liquid and out again as a gas. In this way a degree of cold can be produced as low as twelve below zero. Of course so low a temperature is never needed.

Upstairs in the inventor's study there stands an ingenious piece of work, "The Automatic' Directory." Once when returning from Italy, where he had been traveling in connection with his inventions, Mr. Cutler asked the name of the American consul at Naples. No one could tell him and he immediately set about thinking of a machine that would grind out all information of this kind automatically. The invention took shape and the first machine of this kind ever constructed is to be seen in Glendale. The inquirer stands on a kind of base of the machine something like the footbase of a weighing machine. Before him is a dial with a movable pointer which can be turned to any name. Say the directory is for California, the inquirer turns the pointer to San Francisco and immediately a sheet directory arises before his eyes, giving the names and addresses of all important business and other information. This has been manufactured for every kind of business and trade. The "Automatic Directory Company of New York" purchased this invention and Mr. Cutler gets a handsome sum from the royalties yearly. He is also busy at present on a desk form of this directory.

Another ingenious invention is the "Appointment Clock." This clever device has a number of slots radiating out from the dial. When you have an appointment you write it on the card and place it in the attachment to the clock. If your appointment is on November 30 at 10 a. m. on that date and precisely at that hour a bell rings and a phonograph attachment keeps on repeating until stopped "You have an appointment at so and so o'clock." This clock can attend to one appointment every five minutes for a month at a time.

At present Mr. Cutler is engaged in perfecting a wireless telegraphy attachment which will automatically write a message as it is received. He has had an offer from a foreign government for this device, but as he has not perfected it he will not sell it at present.

For one very ingenious invention for wrapping pies and loaves of bread Mr. Cutler received the sum of $45,000 and a royalty. This machine wraps 100 loaves in an hour. Another machine of similar function makes little cartons for ice cream and packs the ice cream in them. It was also sold for a similar consideration.

Among the many inventions which Mr. Cutler shows is a shaving brush in which the soap comes through the handle to the center of the brush and when out of use is kept free from possible contamination by drawing its container over it.

A cigar cutter that is used all over the world is another of his inventions; also an imitation briar root case with amber mouthpiece which conceals a common clay pipe that can be removed at will show the versatility of the inventor, who has patented such devices as a button hole maker; a combined opener and top for canned milk; sanitary drinking cups; a useful wire clothespin; a card case in which you press a button and out comes your card; a nutlock for auto nuts; a lock for screws; an automatic cotton picker; a scissors edger and sharpener.

Mr. Cutler invented the first mail chute ever put into use, also the flanged fish plate for rails, which he sold to E. P. Huntington; a cable clutch for mining shaft work, and many other interesting advertising devices and useful inventions. He has lived in California for well nigh thirty years, except when away on his business or traveling. He thinks he has found in Glendale an ideal rest place where as he has been working too hard he can recuperate himself by working at his garden and doing a little perfecting work on his wireless telegraphy device.

REPUBLICAN PARADE

REPUBLICANS OF GLENDALE TO MARCH FOR THEIR PARTY MONDAY AT 3:15 P. M.

The Republicans of Glendale will have a parade Monday, October 5, at 3.15 p. m. The affair like the recent Democratic parade originated in the High school Republican league, and is being supported by Republicans throughout the city. The High school Republican league has been working diligently to make the affair a success.

Herbert Scheuner, Dudley Pigg, William Cronin and Kenneth Perrin the finance committee of the school league have been working hard to secure the assistance of the leading Republicans in the city and have succeeded. C. D. Furst of the White store, who is also manager of the Glendale Municipal band, will be the manager of the parade. Oma Fish will be assistant manager.

The committee requests that all good Republicans turn out to make the parade a brilliant success. They are requested to be on hand at 3:15 p. m., Monday, in front of the Glendale Union High school. Autos are needed for the parade and the donation of machines for that purpose will be highly appreciated. Decorate your machine if you can and come, bring your friends in your autos. If you have not time to decorate your machines come without decoration anyway. The committee will furnish you with flags.

RANDALL WANTED AT WASHINGTON

Hon. Charles H. Randall, Los Angeles, Calif.

My Dear Mr. Randall:

A line from Dr. Dinwiddle, legislative superintendent of the Anti-Saloon league, Washington, D. C., expresses an earnest hope that you will be returned to congress from the Ninth district to continue the fight against John Barleycorn. The splendid vote given you by all parties at the primaries seems to settle beyond a peradventure that his hopes will be gratified.

Accept my congratulations for your large endorsement at the primaries by the people. I predict and hope that your election will be just as decisive November 7.

Yours for victory,
(Signed) S. T. MONTGOMERY.
Legislative Superintendent.

GLENDALE, CALIFORNIA, SATURDAY, NOVEMBER 4, 1916

WISHARD FOR ASSEMBLY

One of the newly organized Wishard for assembly clubs in the Sixty-first district, of which Mrs. Jane Beatty of Highland Park is president Albert Pearce of Glendale, vice president, Dr. Force Swearingen of Highland Park, secretary, adopted the following resolution at its first meeting:

RESOLVED that because of the following reasons we strongly endorse Harry A. Wishard for re-election to the assembly from the sixty-first district and urge the voters therein to give him their unanimous support:

(1) Mr. Wishard has made good, he ran on the Republican ticket only at the primaries and received almost as many votes as all other candidates combined. Later he was unanimously given the Progressive nomination.

(2) He was recognized as one of the hardest fighters in the legislature for moral and humanitarian laws, and is now strongly indorsed by the California Anti-Saloon league.

(3) He was author of the mother's pension bill and is a young attorney of recognized ability; cool, calm and a forceful speaker. He was given the title by a San Francisco paper of the "Boy Orator of the Legislature."

(4) He did not forget his constituents after he was elected. As an example of his idea of representation, every bill that was referred to the Public Moral committee, of which he was a member, was sent by Mr. Wishard to every minister in his district, asking for criticism and suggestions. The same procedure was used by Mr. Wishard with bills relating to banking, medical and dental matters, and the like.

(5) He knows the district thoroughly, having completely covered it, and has met, personally, over half the voters in it. Advertisement

ANYTHING TO WIN

"Anything to win" is the slogan that seems to have been adopted by those who are opposed to "Capt." William Thomas Helms, for district attorney. Because he has dared to strike at the heart of a big political machine which even now is eating the heart of the law and order in Los Angeles county, the element that is opposed to the enforcement of the laws as they now exist is determined to "get Helms" no matter what the slogan means.

There is being prepared, it is said, a document in which certain ridiculous and unfounded charges are to be made. The statements to be contained in this document, are said to be of such a character that no newspaper will print the alleged charges, because of the apparent untruths contained in the documents.

An effort is to be made to get the articles out in pamphlet form. They are said to be of a scurrilous nature and to reflect on the personal standing of "Capt." Helms in the community. It is because of the fact that "Capt." Helms has stated his position on the dry amendments that the present propaganda is to be started.

The liquor element and the saloon interests are dead against "Capt." Helms and are in favor of his opponent. The articles referred to are on the liquor question and when some of the alleged "copy" was shown to "Capt." Heims he declared he would do nothing to prevent its being distributed as he believed it will help rather than injure his campaign.—Advertisement.

Arthur N. Greene of Detroit, Mich. is a house guest at the home of his relatives, Mr. and Mrs. C. M. Turck, 521 North Glendale avenue.

Walter Johnston, who has been for some time in Bakersfield among the oil fields, returned to Glendale this week to pay a visit to his father and mother, Fourth and Everett streets.

Mr. and Mrs. Harry Neel of Fresno, who are spending some time in Los Angeles, were visitors Wednesday at the home of Mr. and Mrs. J. McMillan, 1450 Hawthorne street.

Mr. and Mrs. Edward M. Lynch had as dinner guests Friday, Miss Ella Wall, Miss Dorothy Ward of Glendale and Mr. Ray Hales and Mr. Adolph Allen of Sacramento.

H. G. MacBain of Shaver's grocery store is at home suffering from two broken ribs. The accident occurred through a friend's playful squeezing of his ribs by way of jocular greeting.

W. B. Kirk, local agent of the Provident Life and Trust company, just missed winning the loving cup offered by the manager of the insurance department of the company by a very small margin. The cup was offered as a premium for the most insurance written in two months. A "five" of a Glendale man, which was confidently counted on, would have won the cup for this district, but it went to a San Francisco man. The score for the two months was: winner, $58,000; Mr. Kirk, $54,000.

Mr. and Mrs. Dana Goss of 710 West Fifth street entertained Thursday night, with a three course dinner party, for Miss Edna Learned and Lloyd Wilson, who are to be married, November 9. The rooms were beautifully decorated with pink and white, the color scheme being carried out in the flowers and other adornments. The guests were: the Rev. B. Dudley Snudden, Miss Esther Andrae, Verne Wilson, Miss Learned and Lloyd Wilson.

Mrs. George Lemon of 119 East Broadway, made quite an innovation in Hallowe'en masquerading on the occasion of that carnival by dressing up as a ghost and disguising herself in such a manner that not even her intimate friends could recognize her. In this guise she visited several neighbors houses and kept them guessing as to who she was. Her neighbors say that so clever was her imitation of a little child's voice in which she spoke that they had to beseech her to tell who she was. There was much other masquerading in the East Broadway district and the festival was celebrated with innocent fun.

Clifton Hanning of 1551 Hawthorne is a little old man of 3 years, who talks in the grave, deliberate fashion of a staid old man of 60. Recently he was sent by his mother to a grocery store and when asked what was wanted he said, "Some cheese." "How much?" was asked. "I don't know," was the reply. "Have you a note from your mama?" "I haven't got nothing." "Then how are we to know how much cheese to give you?" "I guess about 10 feet," was the grave reply. Another little boy went into the same store a few days earlier and asked for a box of "frenzied" cocoanut, meaning shredded.

W. B. Kelley, our local candidate for the sixty-first assembly district, says he has practically finished his campaign and has just returned from the Antelope valley where he met with enthusiastic receptions. The remainder of the time before election Mr. Kelley will spend here in Glendale among his friends and neighbors from whom he asks the support to send him to Sacramento to the legislature so that Glendale and the San Fernando valley will have a representative there. Mr. Kelley as a Spanish war veteran has been indorsed by the Army and Navy club of Los Angeles, a patriotic organization that indorses the candidacy of citizens who have shown their patriotism for their country.

Since her return from New Mexico where she organized the forces of the Republican party, including the women for the coming presidential election, Dr. Jessie Russell of 343 North Maryland avenue, has been kept quite busy. Tuesday she was a guest at the Pasadena Shakespeare club, where 400 sat down to lunch. Wednesday she was the guest of honor at breakfast at the home of H. C. Beisteel, Washington street, Los Angeles. On the same day she was speaker at the Owensmouth Womens club, where she spoke on "Legislation." On Thursday she was the speaker at the meeting of the Parent-Teacher association in Los Angeles. Friday night she spoke at the Highland Park Ebell club and on Saturday, November 4, she speaks at Eagle Rock.

A PLEASANT SURPRISE

This morning on her way to her office Mrs. Nanno Woods was accosted by a Glendale resident who said: "Mrs. Woods, I was at Dr. Gregg's lecture Thursday evening. The Garden society is doing a wonderful work for Glendale. Let me help with my mite." So saying she pressed some silver into Mrs. Woods' hand, disclaimed all thanks, and hurried away.

Words of encouragement, actions proving absolute interest and confidence, greetings of sympathetic friendliness, these are the things which make life worth living and spur one on to higher, nobler efforts.

A NATIONAL HIGHWAY

The government of Venezuela plans to build a national highway from Caracas, the capital, to San Cristobal, in the Andes region, at the extreme west end of the republic, which, if the plans are carried out, will be the largest public work ever undertaken by a government of Venezuela.

The highway will be 683 miles in length and will be built through the cities of Valencia, San Carlos, Guanare, Barinas and San Antonio. It is probable that the ministry of public works of Venezuela will undertake the construction of the road without aid from contractors of outside countries.

PATTON of Los Angeles for Senator

Woodrow Wilson
Sent a telegram to the People of California, saying: "May I not express my very great interest in the election of Mr. George S. Patton to the United States Senate? It would hearten friends of such policies as the present administration has been promoting throughout the whole country if by his election the people of California should give so unmistakable an endorsement to what has been accomplished."

The People of Southern California
Know that they pay more than fifty per cent of the corporation taxes of the state, and that more than eighty-five per cent of the money so raised is spent on maintenance of state institutions located in the northern part of the state. And that a large majority of the salaried officials of the state, appointed by Governor Johnson, are residents of the northern part of the state.

George S. Patton
Democratic nominee for United States Senator, who is running against Hiram Johnson for this office, is a resident of Los Angeles; a prominent businessman of Southern California, and pledged to the protection of Southern California's citrus products.

James D. Phelan
United States Senator from California, who resides in Northern California, recognizes thoroughly the need of Southern California for a United States Senator who lives in Southern California, and heartily endorses Mr. Patton's candidacy.

YOUR PROPHECY IS AS GOOD AS ANYONE'S

The Evening News Election Contest

$12.00 in Prizes to be Given Away

In order to ascertain the existing sentiment among it's readers, and at the same time to see just how good a prophet you are The Glendale Evening News will give $12.00 worth of prizes to the ones guessing the nearest to the number of votes cast on the wet and dry amendment No. 1 and the vote for Hughes and Wilson.

These prizes will be given in certificates and redeemable at the places of business of five advertisers. First prize, $5.00. Second prize, $3.00. Third prize, $2.00 and two prizes of $1.00 each.

At the bottom of each advertisement will be found blank lines in which to write the figures of the vote you think will be cast in Glendale for and against amendment No. 1; the vote for Hughes and the vote for Wilson. In order to guess, an entire "ad" must be cut from the ones surrounding this contest announcement and the figures with your name and address placed in the blanks in the ad.

AN ADVERTISER CAN ALSO WIN

The advertiser having the largest number of ads cut out and sent in at the end of the contest will receive a $5.00 ad free in the issue of The News of Thursday, November 9.

The contest closes November 7 at 8:30 p. m., and all letters must be in The News office prior to that hour. Winners announced in issue of The News of November 8. Everyone has an equal opportunity to win—it just depends on how good a prophet you are. Bring, send or mail your guess to Election Contest Department, Evening News, 920 West Broadway, Glendale, Cal.
